HAVE FUN, DEVELOP SKILLS AND BUILD SELF-ESTEEM

The Table Cricket Skills Awards adds a formal learning programme to the fun and excitement of Table Cricket, offering players the chance to earn awards as they develop their talent and skills in the game.

The scheme provides opportunities for meaningful assessment at all ability levels, with an emphasis on participation and inclusion.

Designed to work with school sessions and the PE curriculum, the assessment criteria fits in perfectly with six-week schemes of work within a school timetable.

Players receive recognition of their achievements and can build their self-esteem, mental and physical development.
