Welcome to our new Volunteer
Muninder Singh Hayer

We are delighted to announce that we have a new volunteer at Cerebral Palsy Sport who is supporting the Business Development and Fundraising Team. Muninder is currently volunteering around 20 hours per week and has already proven to be a fantastic asset for our charity.

New Volunteer Profile
Our new volunteer shares his story with us:
"My name is Muninder Singh Hayer. I am a full time Computer Science student at the The University of Nottingham and am a current England international.

I was born with a lack of oxygen which resulted me in having Cerebral Palsy. Cerebral palsy is a condition which affects muscle control and movement. This is an injury usually to the brain caused by complications before, during or after birth. For me CP affects my co-ordination and my ability to walk, therefore I use an electric wheelchair as my usual form of mobility. I am internationally classified as an F31 seated Club Thrower. I have been competing in this athletic event since the start of 2014 and I have topped the UK rankings in 2014 and 2015.
In August 2015 I competed for England at my first international competition which was the CPISRA World Games, where I won a gold medal. This place me 3rd in the all time world rankings. My key objective is now to be selected for the World Championships in London next year, and all my training is geared towards achieving this goal." Thank you for supporting us Muninder!

Congratulations
At the Cerebral Palsy Sports AGM and Annual Awards 2016, our special volunteers were honoured for their hard works and ours of dedication they give to the charity.

The 2016 Volunteer of the Year winners were:

- Ian Clegg - Fundraising Volunteer of the Year.
- Stella Lockwood - Sports Volunteer of the Year
Congratulations to all our winners!
