Kindly Supported by

About Cerebral Palsy Sport

Cerebral Palsy Sport is the country's leading national disability sports charity supporting people with cerebral palsy to reach their sporting potential and putting people with cerebral palsy and their families at the heart of everything we do.

We provide inclusive sports opportunities including football, swimming, athletics, bowls, table cricket and adapted sports such as RaceRunning, Frame Football and Touch Golf. We seek to provide meaningful opportunities to experience the physical, social and emotional wellbeing benefits that can be enjoyed through playing sport and other recreational activities. Through the power of sport and recreation we raise hopes and aspirations by supporting people to overcome the challenges of their physical disability and take a more active role in their local community .

Our aims are to increase participation, raise aspirations, promote inclusion and help fulfil the potential of children, young people and adults with disabilities. We achieve this through providing disability sports, such as football, swimming, athletics, bowls, table cricket and adapted sports. We also offer expert, specialist support to parents, support workers, teachers, coaches, physiotherapists, occupational therapists, sport providers and other professionals on how to adapt sports.
