INTRODUCTION

Message from the Chair

Dear Candidate,

Thank you for showing interest in applying for the role of Trustee with Cerebral Palsy Sport.

Cerebral Palsy Sport is a successful and highly respected influencer and change maker.

Every year we support over 4,000 children, young people and adults to experience the life-changing benefits that participating in sport can provide. Our aim is to ensure that people with cerebral palsy have the opportunities and the motivation to take part in sport regularly and to enjoy all the health, social and wellbeing benefits that brings.

Being a trustee is challenging and rewarding in equal measure. I lead a board of exceptionally skilled and motivated individuals who share a belief in the potential of sport to change lives for the better. Our role is to set the future direction for the charity, based on insights from our members, funders and partners.

As trustees, we apply our skills to offer constructive challenge and support to our staff team so that together we can make our vision a reality.

LYNNE WARDLE
Chair of Trustees

Our work is made possible because of the funding we receive from funders, supporters and individuals as well as a range of valued partners. These partnerships include key agencies such as Sport England, British Paralympic Association and the Sport and Recreation Alliance. We also work closely with County Sports Partnerships, National Sports Governing Bodies (NGBs), Activity Alliance (formerly EFDS), Disability Rights UK, Youth Sport Trust, members, schools, colleges, parents, families and many more.

Like many people, communities and organisations all around the world we've had to adapt to big changes caused by COVID-19 this year but we've embraced the challenge of supporting our members to take part in sport despite the ongoing crisis.

The future is exciting for Cerebral Palsy Sport and we are excited to hear from you!
